Elnora Nurseries

Fall 1915—Spring 1916

Ragle & Pope

Proprietors

Elnora, Daviess County, Indiana

Introduction

We take pleasure in presenting this little folder price list to the public, feeling sure that it will be of interest to the interested, and hope it may appeal to the uninterested.

Our trees for this season promise to be extra fine, and you will find the prices are in keeping with the quality.

We are no "cheap Charleys" and do not pretend to compete with them. So if you want good stock and are willing to pay a living price for it we think we can serve you. You do not expect quality in a cheap shoe, or any other article of merchandise, neither need you in cheap trees.

Guarantee

We shall use our utmost care to prevent anything getting mixed, and on proper proof of a mistake will replace free of cost. But it is mutually agreed between purchaser and ourselves that we are not to be responsible for any damages that might occur from any mistakes.

Location

The Nurseries are situated one and one-half miles north of Elnora, from which point we have the very best shipping advantages. Come and See Us.
